December 2006

## Club News

**You may find our Stamp of the Month** this issue a little unusual but maybe not; it's just a sign of the times. The SOTM brought you this *Chronicle* and could foretell our official Club logo. Read more on Page 4.

**Last month's Annual Auction** was a winner! If you didn't take home a nice purchase it was either because you weren't there or just weren't 'quick draw' enough. The Lots were interesting and varied and the bidding spirited. The Club's share added nicely to our coffer.

**How about a Christmas Party?** The date is almost upon us, **next** Thursday evening, **December 14<sup>th</sup>** to be exact. The evening begins at 5:00 pm at *First Christian Church* – same place as in recent years. Bring a side dish to go with roast pork & drinks furnished by the club, and plan to go home with a nice gift. Don't fail to include your spouse or friend to join in the fun.

**Our January program** is a double feature. A new year with new club leaders and exciting things to do, so think about Thursday night, January 11 as you unwind from the busy holidays.

**Your editor makes** a special plea once again for articles, notes & other information for *The Chronicle*. Articles don't have to be long, just interesting; of course, your own contribution to our Stamp of the Month feature would a nice place to start. Who knows? You might even find it fun.

**Next March is** a very special time for our club: It's our club's 75<sup>th</sup> Birthday and still going strong. That's even older than some of our members! As we plan for a very special celebration, you might take a few minutes to visit our corner of the Federation website. You will find there a synopsis of the account of that very first meeting of The Chattanooga Stamp Club in March 1932. The web address is: [www.stampclubs.com](http://www.stampclubs.com). After you get there find the club spot on the wheel and just click.

**Let us express** a special thanks to the officers who have led our club through 2007.

**President.....Bill Caldwell**  
**Vice President.....Bill LaGanke**  
**Secretary.....Rebecca Gilbert**  
**Treasurer.....Carl Anderson**

Our club has prospered under other leaders, as well: Those who have served on standing & special committees and those volunteers willingly stepping in to fill every need. You know who you are, so take that well-deserved pat on the back.

**The Nominating Committee** reports an excellent slate of officers for 2007, so we can look forward to continuing the good times.

The world will never have lasting peace as long as we reserve for war the finest human qualities. Peace, no less than war, requires idealism and self-sacrifice and a righteous and dynamic faith.

John Foster Dulles
